

#10 White™

#10 White™ is a fine grind, dry ground calcium carbonate with a white color when this is an important consideration in use. The oversize particles are carefully controlled in #10 White, which has a particle size distribution which is finer than MICRO-WHITE 100. #10 White is found in applications such as:

- Decorative Paints
- Mild Abrasive Compounds
- Caulks, Putties and Spackles
- Wall Sealants
- Latex Compounds
- Ceiling Paints
- Rubber Sealants
